

Chemical functionalization of activated carbon based on diazonium salts in situ generated by self-diazotization. A new step toward pseudo-capacitive materials for energy storage

Submitted by Emmanuel Lemoine on Thu, 02/06/2014 - 10:51

Titre	Chemical functionalization of activated carbon based on diazonium salts in situ generated by self-diazotization. A new step toward pseudo-capacitive materials for energy storage
Type de publication	Communication
Type	Communication sans actes dans un congrès
Année	2012
Langue	Anglais
Auteur	Lebègue, Estelle [1], Brousse, Thierry [2], Gaubicher, Joël [3], Cougnon, Charles [4]
Pays	France
Ville	Nantes
Notes	Date du colloque : 20-21/06/2012
